

### 1. Exhibition theme

## Smart Ecology ~ Ecology and Economy in Harmony ~

TSUDAKOMA Corp. will exhibit at ITMA ASIA + CITME 2024 from 14 to 18 October 2024 at National Exhibition and Convention Center (NECC) in Shanghai, China. (Booth no. H3A64)

We upgraded the ZAX001neo Air Jet Loom, which has been well received since the start of sales in 2021, to a higher standard. Equipped with the new SYSTEM S-Plus and SYSTEM EOS, we will be presenting our new model, ZAX001neo Plus Air Jet Loom which further enhances our pursuing theme of “Ecology and Economy in Harmony.”

Come and study TSUDAKOMA’s new phase and step toward innovation.  
We look forward to seeing you at our booth.

### 2. Exhibit machine

#### **ZAX001neo Plus Air Jet Loom**

Reed space: 230 cm

Fabric: Ladies’ wear

Shedding: Positive Dobby

#### **■ Air Usage Efficiency - SYSTEM S-Plus**

The ZAX001neo Plus is equipped with the SYSTEM S-Plus that integrates our newly developed technology of air saving and lower pressure. The new system enables 10% reduction in air consumption and 15% reduction in weft insertion air pressure (both compared with the ZAX001neo).

#### **■ Driving Energy Efficiency - SYSTEM EOS (\*Option)**

With the keywords Efficiency, Optimization and Saving Energy, the efficiency of the loom power usage is improved. A 15% reduction in the loom’s power consumption is achieved (compared with the ZAX001neo).

The ZAX001neo Plus Air Jet Loom improves energy efficiency, contributing to a sustainable society, while supporting customers from multiple aspects and expanding the weaving possibility.
